

NDDOT Traffic Safety Summit

A circular inset image showing a man driving a car at night. He is looking towards the right with a concerned expression, his hand on the steering wheel. In the background, out of focus, are the red and blue flashing lights of a police vehicle.

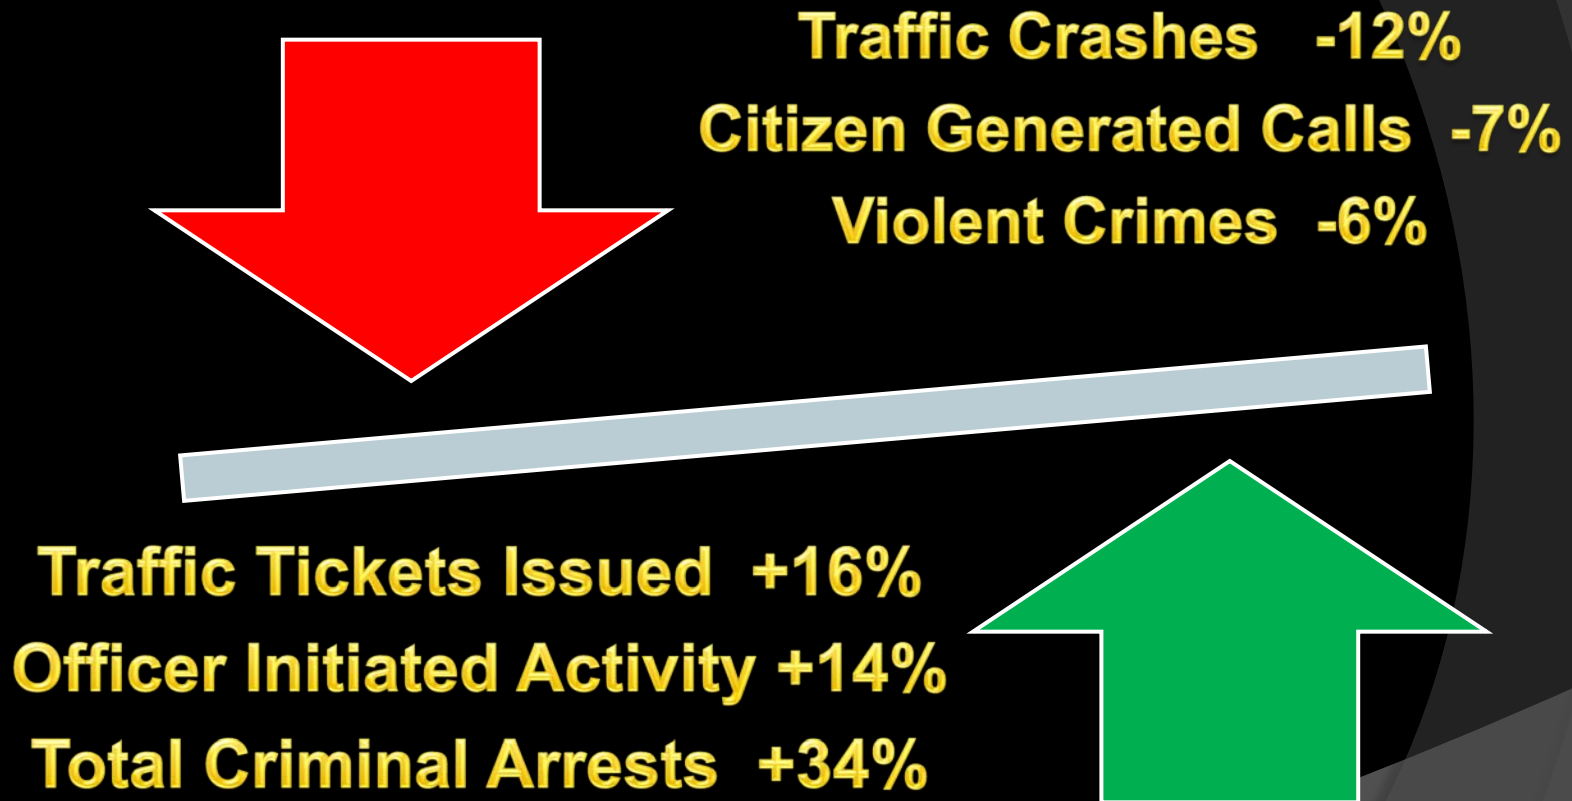

Enforcement

Social Benefits of Traffic Enforcement

Proactive traffic enforcement makes roadways safer, reduces crime and improves the quality of life in our neighborhoods.

It's NOT “only traffic enforcement....”

During 2011 NDHP troopers initiated over 68,000 traffic stops.

Proactive Traffic Patrol

Is A Valuable Tool.

**“Thank You” for Your
Commitment**

A man is shown from the chest up, driving a car at night. He is looking towards the right side of the frame with a concerned expression. His right hand is on the steering wheel, and his left hand is resting on his forehead. In the background, out of focus, are the red and blue lights of a police vehicle.
